

# KEEP YOUR PRODUCTION MOVING & IMPROVING

FOR PROCESS MAINTENANCE AND UPGRADES, WE'RE BY YOUR SIDE

## Sensors

Our market leading range of factory and process automation sensors and transducers includes presence, proximity, temperature, pressure, flow and more.

## PLCs & Process Control

From logic controllers & HMIs to temperature control and signal conditioning we've got the product technologies and brands to help keep your production line running 24/7.

## Test Equipment & Calibration

Essential instruments for troubleshooting, and to help ensure processes are operating within specification. Our in-house calibration service provides confidence on new and existing equipment accuracy.

## Tools

Does your workshop have the right tools you need to get the job done quickly and effectively?

## Lighting

Save energy and reduce maintenance time with LED lighting. Our extensive range covers all aspects of external, internal and machine lighting.

## Circuit Protection & Distribution

Power distribution and circuit protection are vital for the safe and reliable operation of any manufacturing site.

## Machinery Safety

Whatever safety system you are maintaining or improving we can help with the widest stocked range of machinery safety components in the market.

## Control & Switchgear

Crucial components in any control system. Contactors, relays, MPCBs and pushbuttons are electrical components which can fail without obvious signs of wear, causing unforeseen downtime.

## Cable & Connectors

Cables, wiring, connectors and cable management from the leading brands, meeting the needs of challenging environments.
